| pH (typical) | 13.5-14 |
| Flash Point | Not Applicable |

Available In:
5 GAL, 55 GAL, BULK

DOT Classification:
Regulated

GRIZZLY

Tech Data Sheet

Grizzly is a heavy duty alkaline truck wash soap that is excellent at removing stubborn road film, bug residue, soot, oils, and grease. It is brown in color and has a foam profile that clings with great rinsability. Developed to penetrate road film and leave an amazing shine on the paint.

Benefits

- Clingy foam profile for maximum penetration
- Easy rinsing
- Helps eliminate brushing
- 100% Biodegradable & phosphate free
- Assists in breaking down carbon based soils like oils and greases
- Leaves paint looking glossy when used as a 2nd step in fleet washing

Applications

- 1 Step touchless vehicle wash
- Works well with multiple low pH 1st Step detergents when doing a 2-Step fleet wash
- Has degreasing properties
- Works well in all water conditions
- 2nd Step soap for touchless truck washing
- Strong foaming capability when used with a foam cannon

Precautions

- Contains Sodium Hydroxide
- Not to be used on anodized or polished aluminum
- Do not allow to dry before rinsing

Note: Cleaning effectiveness is affected by: temperature, concentration, dwell time, water hardness, and soap application pressure. Soap Concentration may be adjusted to compensate for changes in these conditions.
